We reply to your March 12, 1999 request for rulings on certain federal income tax consequences of a proposed transaction.

The rulings contained in this letter are predicated upon the facts and representations submitted by the taxpayer and accompanied by a penalty of perjury statement executed by an appropriate party. This office has not verified any of the materials submitted in support of the request for a ruling. Verification of the information, representations, and other data may be required as part of the audit process.

Summary of Facts

Publicly traded Parent is the parent of an affiliated group that comprises both domestic and foreign corporations and conducts, among others, Business X and Business Y. Parent joins with its includible affiliates in filing a consolidated federal income tax return.

Before the transactions described below, Parent wholly owned Sub 1, Sub 2, Foreign Distributing 1, Distributing 2, and Foreign Distributing 3. Foreign Distributing 1 wholly owned Foreign Controlled 1, and Distributing 2 wholly owned Foreign Controlled 2.

Foreign Distributing 1, Distributing 2, and Foreign Distributing 3 each conducts Business X. Foreign Controlled 1, Foreign Controlled 2, and Foreign Distributing 3 each conducts Business Y.

We have received financial information indicating that Business X, as conducted by Foreign Distributing 1, Distributing 2, and Foreign Distributing 3, and Business Y, as conducted by Foreign Controlled 1, Foreign Controlled 2, and Foreign Distributing 3, each has had gross receipts and operating expenses representing the active conduct of a trade or business for each of the past five years.

Approximately a percent of the Business Y current production is used by Parent in Business X. Business Y is attempting to increase its sales to unrelated parties, but potential customers are reluctant to purchase Business Y products while it and Business X are both owned by Parent. To overcome this problem, Parent proposes to associate all of the Business Y assets with Sub 1 and distribute the stock of Sub 1 to certain of its stockholders (the "Proposed Distribution"). On Date b, the Internal Revenue Service issued to Parent a private letter ruling concluding that the Proposed Distribution would qualify for nonrecognition treatment under § 355 of the Internal Revenue Code. The transactions described in the present letter are designed to move

foreign Business Y assets to Sub 1 before the Proposed Distribution occurs.

The Country A Transaction

(i) On Date c, Sub 2 acquired Newco-shell, and Newco-shell elected under § 301.7701-3 of the Income Tax Regulations to be disregarded as an entity separate from Sub 2 for U.S. federal tax purposes.

(ii) On Date d, Foreign Distributing 1 transferred its Foreign Controlled 1 stock to Newco-shell for no consideration in a Country A demerger.

(iii) On Date e, Parent transferred its Sub 2 stock to Sub 1 in exchange for Sub 1 stock in a transaction intended to qualify under §351(a).

Country A Transaction Representations

The taxpayer has made the following representations concerning this transaction (based on the characterization of steps (i) through (iii) above by ruling (1) below):

(a) No part of the consideration distributed by Foreign Distributing 1 was received by Parent as a creditor, employee, or in any capacity other than that of a shareholder of Distributing 1.

(b) The five years of financial information submitted on behalf of Foreign Distributing 1 and Foreign Controlled 1 represents the present operation of each corporation, and with regard to each corporation, there have been no substantial operational changes since the date of the last financial statements submitted.

(c) Following the transaction, Foreign Distributing 1 and Foreign Controlled 1 each will continue the active conduct of its business, independently and with its separate employees.

(d) Distribution A (defined below at ruling (1)(a)) was carried out to increase the amount of Business Y that Sub 1 conducts with unrelated parties. Distribution A was motivated, in whole or substantial part, by this corporate business purpose.

(e) There is no plan or intention by Parent to sell, exchange, transfer by gift, or otherwise dispose of any of its stock in Foreign Distributing 1 or Foreign Controlled 1 after Distribution A except as part of the overall transaction, and Sub 2 has no plan or intention to sell, exchange, transfer by gift, or otherwise dispose of any stock in, or securities of Foreign Controlled 1 after step (ii) above.

(f) There is no plan or intention by either Foreign Distributing 1 or Foreign

Controlled 1, directly or through any subsidiary corporation, to purchase any of its outstanding stock after the transaction, other than through stock purchases meeting the requirements of § 4.05(1)(b) of Rev. Proc. 96-30, 1996-1 C.B. 696, 705.

(g) There is no plan or intention to liquidate either Foreign Distributing 1 or Foreign Controlled 1, to merge either corporation with any other corporation, or to sell or otherwise dispose of any of the assets of either corporation after the transaction, except in the ordinary course of business.

(h) No intercorporate debt existed between Foreign Distributing 1 and Foreign Controlled 1 at the time of, or after, Distribution A other than trade payables arising in the ordinary course of business.

(i) Except during a transition period expected to last one year or less, payments made in all continuing transactions between Foreign Distributing 1 and Foreign Controlled 1 will be for fair market value based on terms and conditions arrived at by the parties bargaining at arm's length.

(j) Neither Foreign Distributing 1 nor Foreign Controlled 1 is an investment company as defined in § 368(a)(2)(F)(iii) and (iv).k) The Country A Transaction is not part of a plan or series of related transactions (within the meaning of § 355(e)) pursuant to which one or more persons will acquire directly or indirectly stock possessing 50 percent or more of the total combined voting power of all classes of stock of either Foreign Distributing 1 or Foreign Controlled 1 entitled to vote, or stock possessing 50 percent or more of the total value of all classes of stock of either Foreign Distributing 1 or Foreign Controlled 1.

(k) Parent will treat the deemed transfer of Foreign Controlled 1 stock to Sub 2 as qualifying under § 351(a).

(5) Distribution A is an exchange to which § 7.367(b)-10(c) applies, and the requirements of paragraphs (d) through (h) of § 7.367(b)-10 must be satisfied.

(6) If Parent recognizes no gain under § 1248 by virtue of the contribution of the stock of Foreign Controlled 1 to the capital of Sub 2, the earnings and profits of Foreign Controlled 1, to the extent attributable to such stock under § 1.1248-2 or 1.1248-3 (whichever is applicable), which were accumulated in taxable years beginning after December 31, 1962 and during the period in which Foreign Controlled 1 was a controlled foreign corporation, shall be attributable to such stock now held by Sub 2 through Newco-shell (see § 1248-1(a)(1)).
